

## Corporate Values Audit

### Instructions

1. As the CEO or owner of a company and business, write down your top five company/business or organisation values.
2. Ask a member of your management team and one other individual to give you their values for your company/organisation/business.
3. Compare and contrast. If there are differences then there are likely to be benefits from taking part in our Corporate Values Alignment Program. Contact us today for a free initial consultation [info@performance-works.co.uk](mailto:info@performance-works.co.uk).
